## Summary

Frontend developer with a background in Mechatronics Engineering and hands-on experience building cross-platform mobile apps using React, Angular, and Meteor.

## Work Experience

**AlawnehPay | Software developer October**

**2024 – March**

- Developed and implemented new features for AlawnehPay app on Android devices using Meteor.js, AngularJS, and Ionic.
- Collaborated with backend developers to integrate APIs and ensure seamless data flow.
- Debugged and resolved issues to improve app stability and functionality.
- Ensured cross-device compatibility and adherence to best practices in mobile UI/UX design.

**Dallas Machinery Mechatronics engineer**

**September 2021 – September 2024**

- Designed custom food processing machines tailored to client specifications
- Created detailed 3D models using CAD software for mechanical components and full assemblies
- Ensured all machines complied with safety and food industry standards
- Troubleshoot mechanical and electrical issues during prototyping and post-installation
- Fabricated mechanical parts and assembled complete machines in-house
- Performed electrical wiring and integrated control systems for fully functional machines

## Education

Tafila Technical University

| September 2015 – September 2019

- Bachelors of Mechatronics engineering
- GPA: 75.11 [ Good ]

## Projects

- Personal Portfolio: <https://ashrafportfolio.vercel.app/>
- Video game discovery app: <https://gamehub-exc.vercel.app/>
- Pokemon app ( React Native ): <https://pokemon-react-native.netlify.app/>

## Certificates

- The complete Node.js course | codewithmosh.com [ June 1, 2024 ]
- React 18: intermediate topics | codewithmosh.com [ April 10, 2024 ]
- React 18 with TypeScript for beginners | codewithmosh.com [ January 20, 2024 ]
- Object Oriented Programming in JavaScript | codewithmosh.com [ November 3, 2023 ]
- JavaScript basics | codewithmosh.com [ October 12, 2023 ]
- The ultimate HTML5 & CSS3 series | codewithmosh.com [ August 21, 2023 ]
- Programming with JavaScript | Coursera [ August 20, 2023 ]

## Skills

- HTML5 / CSS3
- JavaScript / TypeScript
- React.js / AngularJS
- Meteor.js
- Git & GitHub
- Cross-platform Mobile Development
- Responsive Design & Debugging
